Description

This 2013 Toyota Auris VVT-h Icon presents an exceptional opportunity with its remarkably low mileage of just 56,259 miles, especially considering its age, and a history of only two previous owners. This well maintained hybrid hatchback is equipped with a 1.8 litre petrol hybrid engine, offering an efficient and smooth driving experience. Inside, you'll find the convenience of a Bluetooth hands free system, allowing for safe and easy communication on the go, and a rear view camera that includes parking assistance, making manoeuvring in tight spaces much simpler. The Icon trim level ensures a good standard of equipment, and this particular Auris stands out with its generous boot space, perfect for shopping trips or luggage. Furthermore, its placement in a low insurance group means that running costs are kept to a minimum, making it an economical choice for many drivers. These factors combined, the low mileage, few owners, practical features, and affordable running costs, highlight how this Toyota Auris offers excellent value and a superior ownership proposition compared to other vehicles in its class.

173 Cross Lane, Salford, United Kingdom, M5 4AP
