Description

This 2021 Dacia Sandero Stepway TCe Essential is a practical choice for those seeking a reliable vehicle with a clear history. It has covered a low mileage of 21,000 miles and comes with a full service history, having been last serviced on 23 June 2026 at 21,080 miles. As a Dacia manufacturer approved vehicle, it offers additional peace of mind, which is further supported by a 12 month warranty and a fresh 12 month MOT provided upon purchase. The car is powered by a 1.0 litre petrol engine that meets Euro 6 emission standards. The vehicle is equipped with several features designed to improve the daily driving experience, including an automatic lighting system that switches the headlights on when needed and a distinct LED lighting signature. Inside, the cabin includes manual air conditioning for comfort and a media control system that features a DAB radio with a display on the instrument panel and Bluetooth connectivity. These practical additions, combined with its low insurance group rating, make this model a sensible and cost effective option compared to many other vehicles in its class.
