Description

This 2018 Skoda Citigo MPI S is a practical and reliable hatchback that comes with the added peace of mind of being a Skoda manufacturer approved vehicle. It has been well maintained by its single previous owner and has covered only 21,000 miles, which is a very low mileage for its age. Under the bonnet, it features a 1.0 litre petrol engine that meets Euro 6 emission standards, making it a suitable choice for modern driving requirements. The vehicle is designed to be economical to run, offering an impressive fuel economy of 64 mpg. It also benefits from low CO2 emissions and falls into a low insurance group, which helps to keep ongoing ownership costs manageable. These attributes make the Citigo a sensible option for those seeking an efficient and cost-effective car for daily use.
