Description

This 2020 Renault Clio TCe S Edition is a practical hatchback that combines modern design with reliable performance. Powered by a 1.0L petrol engine, this vehicle meets Euro 6 emission standards, ensuring it remains compliant with current environmental regulations. With a recorded mileage of 32,371 miles, this car has been driven sparingly for its age. The S Edition trim level includes a range of useful technology, such as a handsfree keycard with push button start-stop functionality and keyless entry, alongside automatic climate control for consistent cabin comfort. Visibility and ease of parking are enhanced by full LED front and rear headlamps with integrated daytime running lights, as well as a comprehensive parking pack that features front and rear sensors and a rear camera. This model stands out as a sensible choice for drivers who prioritise efficiency and everyday usability. It offers an impressive fuel economy of 54 mpg, which helps to reduce running costs, while the low CO2 emissions and low insurance group rating make it an economical option to maintain. Beyond its efficiency, the vehicle is designed with practicality in mind, offering a large boot space that provides ample room for luggage or shopping. These

combined attributes make the Clio a well-rounded vehicle that balances cost-effective motoring with the convenience of modern driver assistance features.
