Description

This 2017 Mazda CX-3, presented in the Sport Nav trim, is a well-maintained example of this popular compact crossover. Powered by a 2.0L petrol engine, this vehicle has covered only 35,000 miles from new and has been kept by just one owner. As a Euro 6 compliant model, it meets modern emission standards, making it a practical choice for those seeking a reliable and straightforward driving experience. The vehicle offers a blend of efficiency and performance, achieving 48 mpg and low CO2 emissions, which helps to keep running costs manageable. It sits in a low insurance group, further adding to its appeal as an economical option. Drivers can accelerate from 0-62mph in 9.0 seconds, providing responsive handling for daily journeys. Practicality is enhanced by a suite of useful technology, including a head up display for easier monitoring of driving data, a reversing camera to assist with parking, and smart keyless entry for added convenience.
