Description

This 2017 Ford Kuga TDCi Titanium is a practical and well-maintained SUV that has covered 47,163 miles. Powered by a 2.0-litre diesel engine, this vehicle meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. The Titanium trim level offers a balance of comfort and functionality, making it a suitable choice for those seeking a reliable family vehicle with a proven track record. The Kuga stands out for its combination of efficiency and convenience, offering an impressive fuel economy of 60 mpg alongside low CO2 emissions, which helps to keep running costs manageable. It is also positioned in a low insurance group, further adding to its overall value. Inside, the cabin is equipped with dual-zone electronic automatic temperature control for personalised comfort, while the SYNC 3 system features an 8-inch colour touchscreen with Bluetooth, voice control, and USB connectivity. Practicality is enhanced by keyless opening and entry, automatic halogen headlights with LED daytime running lights, and rear parking sensors with parking assistance, all of which simplify daily driving and parking manoeuvres.
