Description

The 2021 Kia Ceed CRDi 2 is a practical hatchback that combines efficiency with modern engineering. This model is powered by a 1.6 litre diesel hybrid engine, which meets Euro 6 emission standards, making it a suitable choice for those looking for a balanced approach to fuel consumption and performance. As a trim level 2 vehicle, it offers a well-rounded specification designed for daily driving requirements. This vehicle stands out by offering a range of features that enhance convenience and ease of use. Drivers benefit from a reversing camera system with dynamic guidelines, which assists with parking in tight spaces, alongside automatic headlight control for improved visibility. Inside, the cabin includes air conditioning and a connectivity suite that features Bluetooth with voice recognition and music streaming, as well as Android Auto with voice control. Beyond its technology, the Ceed is designed with practicality in mind, offering a large boot space for luggage and shopping, while also sitting in a low insurance group, which helps to keep ongoing running costs manageable.
