Description

This 2024 Toyota bZ4X Premiere Edition is a Toyota manufacturer approved electric vehicle, offering peace of mind with its full dealership service history. As a Four Wheel Drive model, it combines the benefits of electric power with enhanced traction. The 71 kWh battery provides a maximum range of 257 miles, and can be fully charged at home using a 7kW charger in approximately 9 hours and 10 minutes. For quicker top ups, it can reach 80% charge from empty in just 28 minutes at a public charging station. This Premiere Edition also comes equipped with a Protection Plus Pack, Rear Parking Sensors with Automatic Pedestrian Car and Object Braking, and a 360 Panoramic View Monitor for effortless parking. Further enhancing your driving experience, this
